### Disclaimers:

Obviously, not everything goes in the guncart. *Italicized* items usually stay in the truck.

Some items are weather specific.

Your guncart may not be made up of the same items as mine.

Your taste in duds may vary; so might your taste in grub.

If you size it right, the trash bag will cover the entire cart in case of a gully washer.

This is MY list. Feel free to modify, change, add to, or delete from it to suit your own needs.
